Study Contemporary and Traditional Japanese Culture at Fukuoka Women's University Fukuoka, Japan

WJC Academic Program

WJC is a short-term study abroad program designed to provide a unique educational experience focusing on Japanese culture. Students can choose to attend the program either for one semester or for a full year. The curriculum for the Fall Semester (September-February) focuses more on Japanese contemporary culture, while the Spring Semester (April-August) offers more subjects relating to Japanese traditional culture. Japanese language classes are offered at various levels, and we work to ensure that students take classes appropriate for their level.

Various excursions and events such as field-study trips, special lectures by guest speakers, and symposia are organized. The home visit program with local Japanese families and the Japanese student buddy program (JD-Mates) provide WJC students with good opportunities to socialize with students and residents of Fukuoka.

FWU offers scholarships to exchange students from partner universities based on each university's exchange agreement.
