Student Housing

Important information	The University of Groningen is not a campus university, students have to find their own accommodation somewhere in town. Generally there is a shortage of rooms in Groningen, for degree students as well as for exchange students. However, if students follow our instructions carefully, they will certainly be able to find appropriate accommodation.
General information city of Groningen	https://www.athomeingroningen.com
Recommended organization	SSH International students can get assistance in finding accommodation from SSH. SSH does not have capacity to accommodate all international students and SSH is fully booked every semester. We advise students to apply early.
Other options	If students do not wish to make use of the accommodation offered by SSH and want to try finding housing on their own, they should take the following into account: <ul style="list-style-type: none">* Make sure to do this through official websites or companies that can be traced;* Do not go to a viewing alone;* Do not pay anything before having everything in writing;* Always ask for a payment receipt;* A rent that is too low for the location or type of housing as well as unrecognizable pictures of the location may indicate fraudulent practices;* Avoid identity theft: never send a passport copy to strangers.
