

GLOBAL PROJECT BASED LEARNING

Unveiling the Virtue of Great Urban Places in Asia

From the great mind of Prof. Shunji Suzuki (2019) in Great Urban Places in Asia, we are encouraged to protect what is left from Asia before it completely disappears. Therefore, Institut Teknologi Sepuluh Nopember and Shibaura Institute of Technology initiate this program to reflect the values of various great urban places in Asia.

Themes

- Istanbul: City of Two Continents
- Jakarta: The Melting Pot
- Yogyakarta: Javanese in its core
- Tokyo: A Megacity
