## ● Greetings from the President

President  
Kim Heonyoung

We at Kangwon National University have been proud of 70 years of academic tradition. In the rapidly changing era, as one of the Core National Universities in Korea, we have been educating bright students which will lead the development of our nation and community.

We at Kangwon National University have been making efforts in order to pace with rapidly changing educational environment, with education strategy faithful to the basics and future-oriented delicate strategy. Establishing democratic decision-making structure, university and community are building better communication relationship, making soft, but strong Kangwon National University.

Besides, by opening our university to local community and industry, ideas and resources can be concentrated to the university, and we will maximize this value, contributing to the local community to make an exemplary virtuous cycle, advancing together with our community. By realizing Open Campus, we will dramatically improve education, research, university-industry cooperation, new student recruiting, and employment capability. Further, we will be a prestigious university which leads the development of university and local community.

We at Kangwon National University will be a place where a new way is pursued as well as challenge spirit is alive, and where all human intellectual experiments are accomplished in justice and truth, and where the ideas leading the development of society can be stored, and we will make our university of which students, professors, staff can be proud of, and the local community loves, and eventually all the people share and enjoy the freedom and happiness.

OPEN CAMPUS!  
idea KNU
