## 2022 FUTURE RESEARCH TALENT (FRT) PROGRAM INDONESIA

2022 version of the Future Research Talent (FRT) program will provide selected Indonesian students with an opportunity to pursue a collaborative research project remotely with supervisors from The Australian National University (ANU), for a period of 10-12 weeks, in a range of Science, Health and Medicine disciplines.

The FRT is a competitive and prestigious program attracting the best students from top tier Indonesian institutions. The program allows Indonesia's emerging research talent to form international connections and develop research skills at Australia's best university (*QS World University Rankings 2022*).

### Research areas – 2022 round

- Astronomy & Astrophysics
- Mathematical Sciences
- Medical / Biomedical Research
- Physics and Engineering

Note: 2022 FRT round will offer projects that will be conducted remotely. Scholars will not travel to ANU.

**Applications open:** 7 February 2022

**Applications close:** 20 March 2022
