5. Academic Information

● English Course

We try to open diverse list of English courses in various departments to exchange students. Exchange students are allowed to take courses from different departments upon availability. The most up-to-date course list becomes available a month prior to the beginning of semester. Until then, student should refer to the previous year's course list. (e.g. 2025 Fall semester applicant should refer to 2024 Fall semester course list)

The previous English course list and information may be found from our [course catalogue](#).

● Credits and Study Load

1 HYU credit consists of 15 contact hours. Regular student's study load at Hanyang is 15~18 credits per semester while maximum credits are 20. Visiting students should take at least one regular course to maintain their D-2 visa. (Korean Language Course from Hanyang IIE is not a regular course offered by HYU.)

● Course Registration

Before coming to Korea, students will have several chances to register courses online. There are different phases for course registration categorized by their major and year and it works on "first-come, first-served" basis. The specific dates will be sent to students directly through email.

● Departments with Limited Access to English-Taught Courses

Please note that the COLLEGE OF ART AND PHYSICAL EDUCATION as well as the COLLEGE OF MUSIC, offer very limited English-taught courses. In some semesters, there may be no English courses available at all. Additionally, practical or studio-based courses may also be difficult to register due to language barriers. We strongly advise exchange and visiting students to carefully consider this when selecting their majors.

● Evaluation and Grade

Although the evaluation method may differ based on professor's policy, attendance is always an essential part of the evaluation process. Hanyang does not have re-sit examinations so the final grade inputted into the system cannot be changed. Students can take only one P/F course in one semester and most courses will be in letter grade. Please refer to the below chart for the grade system at Hanyang.

| Letter Grade | Numerical Value | Grade Point |
