Singapore Youth Policy Competition (SYPC) 2025

Student Mobility

SYPC offers a valuable platform for students to gain insights into the policymaking process while tackling real-world challenges. This year, top-performing teams will also stand a chance to win prizes of up to SGD 300.

Details

SYPC 2025 will be held as a two-day, in-person event at NUS University Town, taking place on Saturday, 21 June and Sunday, 22 June 2025, from 9:00 AM to 7:00 PM each day.

Flight and accommodation costs will be borne by participating students. However, international teams are welcome to stay at NUS University Town from 20 June to 23 June 2025 at their own cost, and we will be happy to assist in facilitating the booking process. The registration fee will cover lunch on both days of the competition.

Early bird registration is now open and will close on **Saturday, 17 May 2025**. Regular registration will remain open until **Saturday, 7 June 2025**.

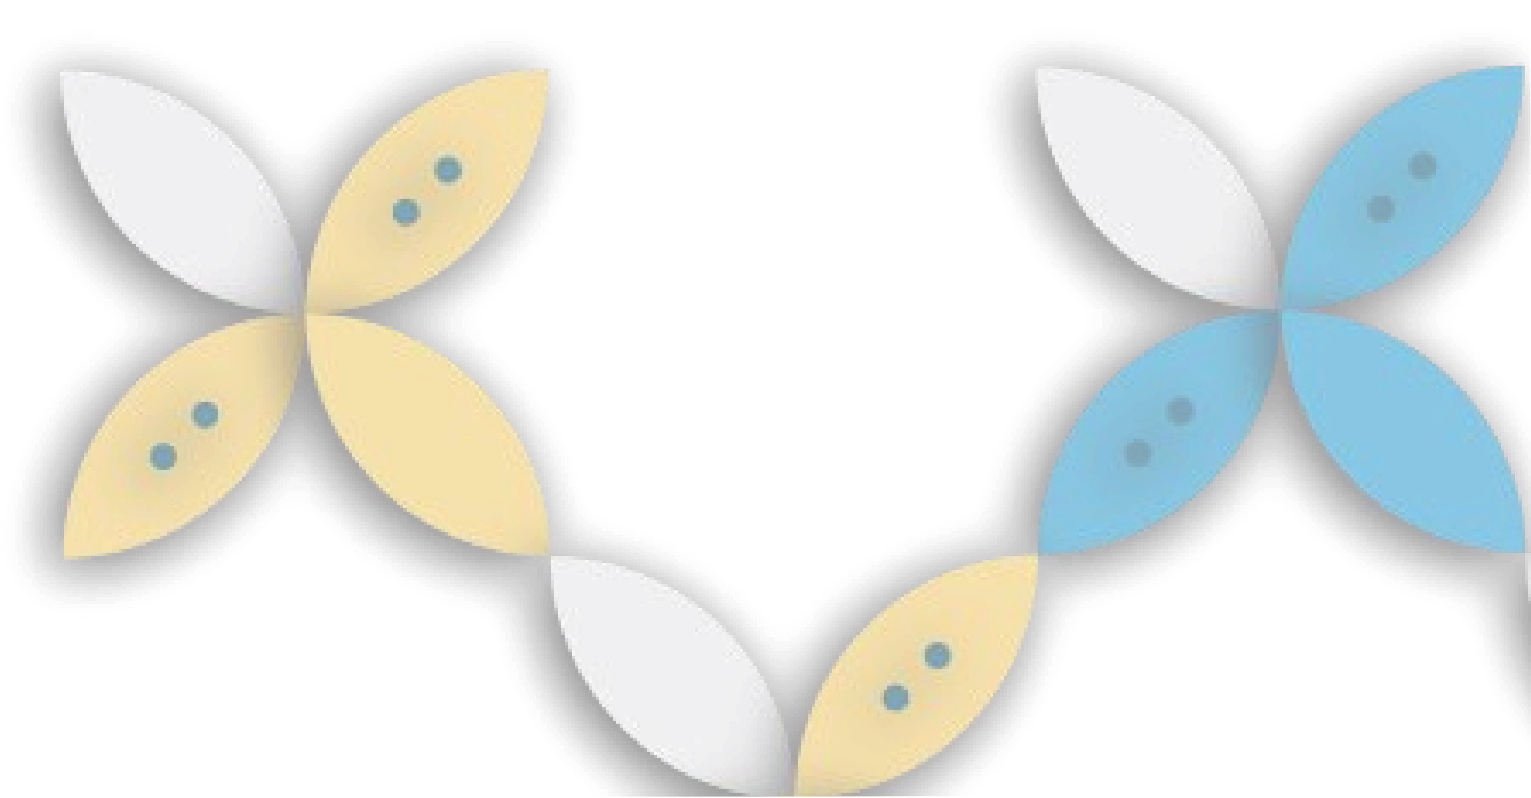

Target

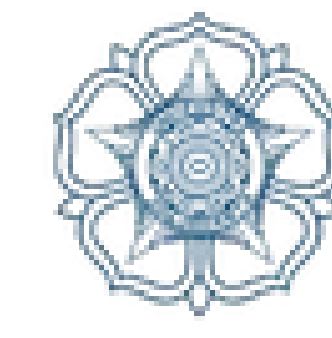

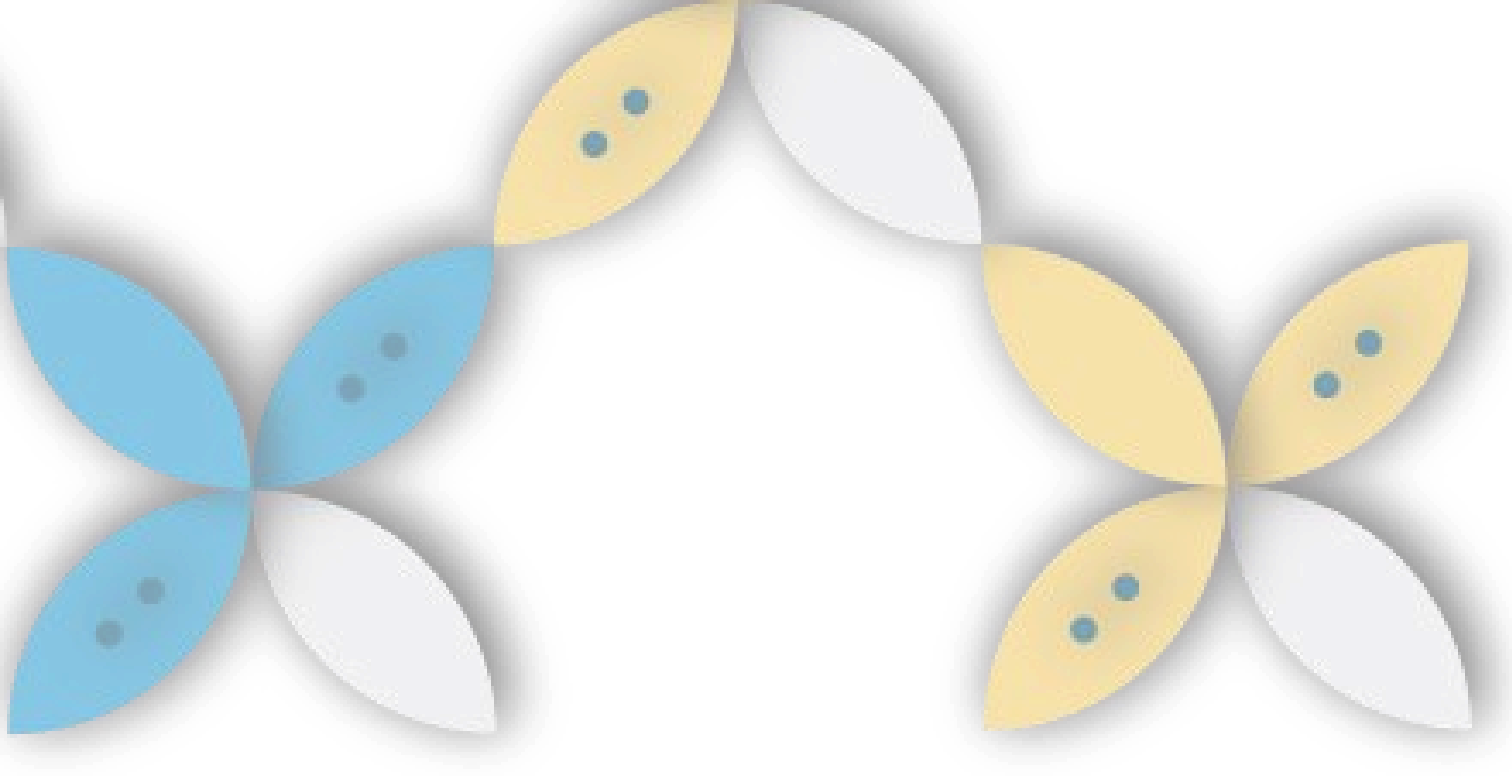

Opportunity for international students to contribute fresh, cross-cultural perspectives on regional policy issues, exchange ideas with peers from different educational systems, and engage meaningfully with Singapore's approach to governance.

Notes/ Reference

Interested participants may register via the following link: <https://tinyurl.com/SYPC2025signup>

Check out their Instagram page @sypc2025 and visit their website at <http://www.nuspssoc.org/sypc2025>

The 5th International Conference on Pharmacy and Health Sciences (5ICPHS) 2025

Conference

It will be held on 2–3 September 2025 at the Connexion Conference & Events Centre, Kuala Lumpur, Malaysia. Organized by UniKL RCMP and UniKL MESTECH, this year's conference is themed: "Advancing Sustainable Healthcare: Bridging Research, Innovation and Practice."

Details

Submissions open for Al-Sumait Prize in Food Security 2025 Kuwait Foundation for Advancement of Sciences (KFAS)

Awards

The Al-Sumait Prize, sponsored by the Kuwait Ministry of Foreign Affairs and managed by the Kuwait Foundation for the Advancement of Science (KFAS), recognizes individuals or institutions that have made significant contributions in the fields of food security, health, and education in Africa. Its goal is to highlight those who positively impact sustainable development on the continent. Administered by KFAS and a Board of Trustees, the prize aims to honor outstanding studies, scientific projects, applied research, and innovative initiatives that significantly advance economic and social development in Africa.

Details

The Prize is to be awarded to individuals or institutions who through their research projects or initiatives have made significant advancement within one or more of the following areas (or other related fields): Developing new seed, crop, or livestock varieties to enhance food security and nutrition in Africa.

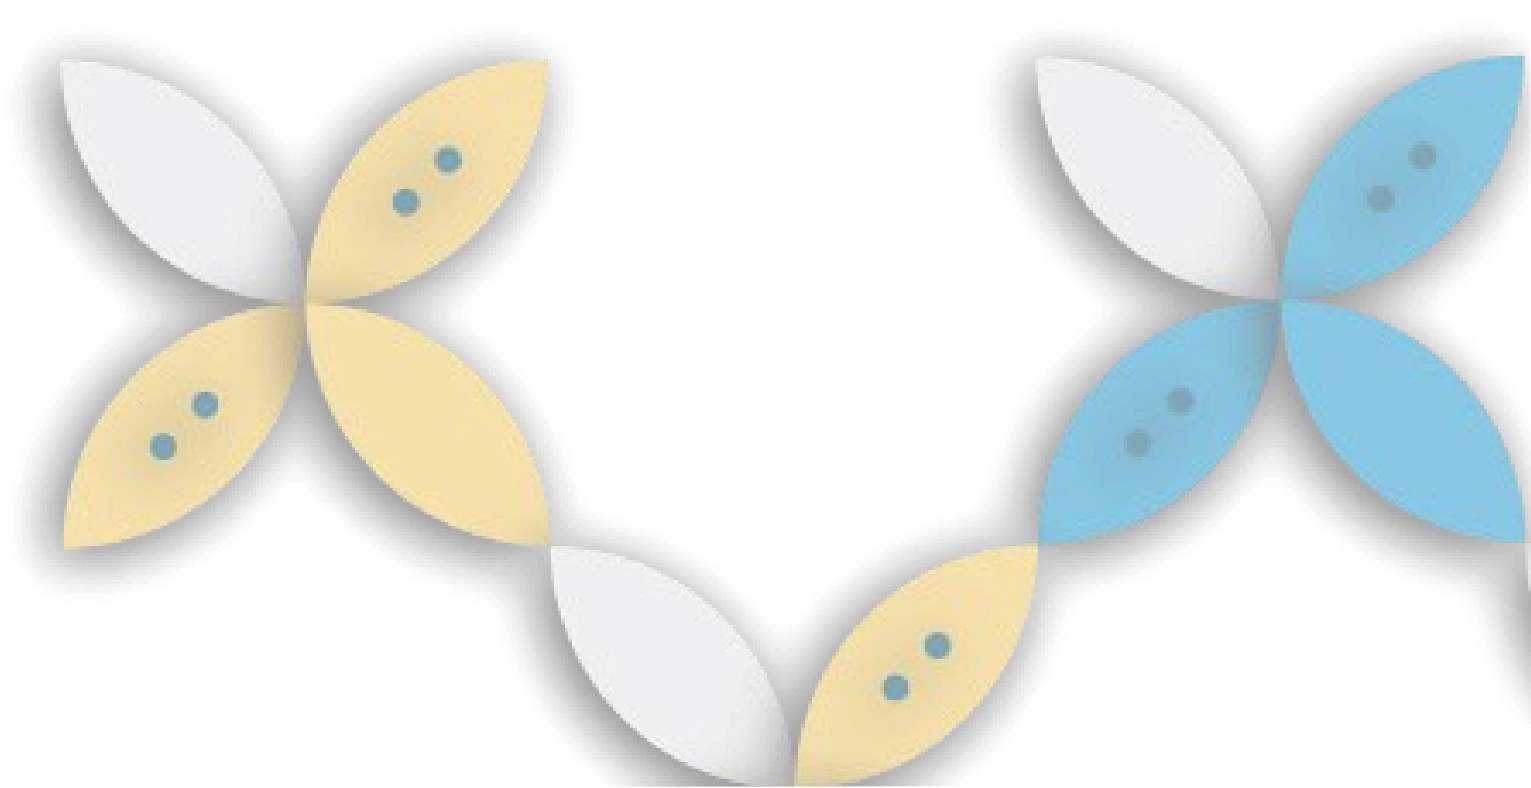

Target

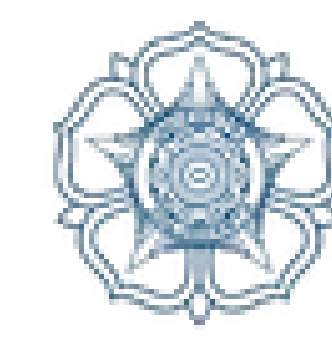

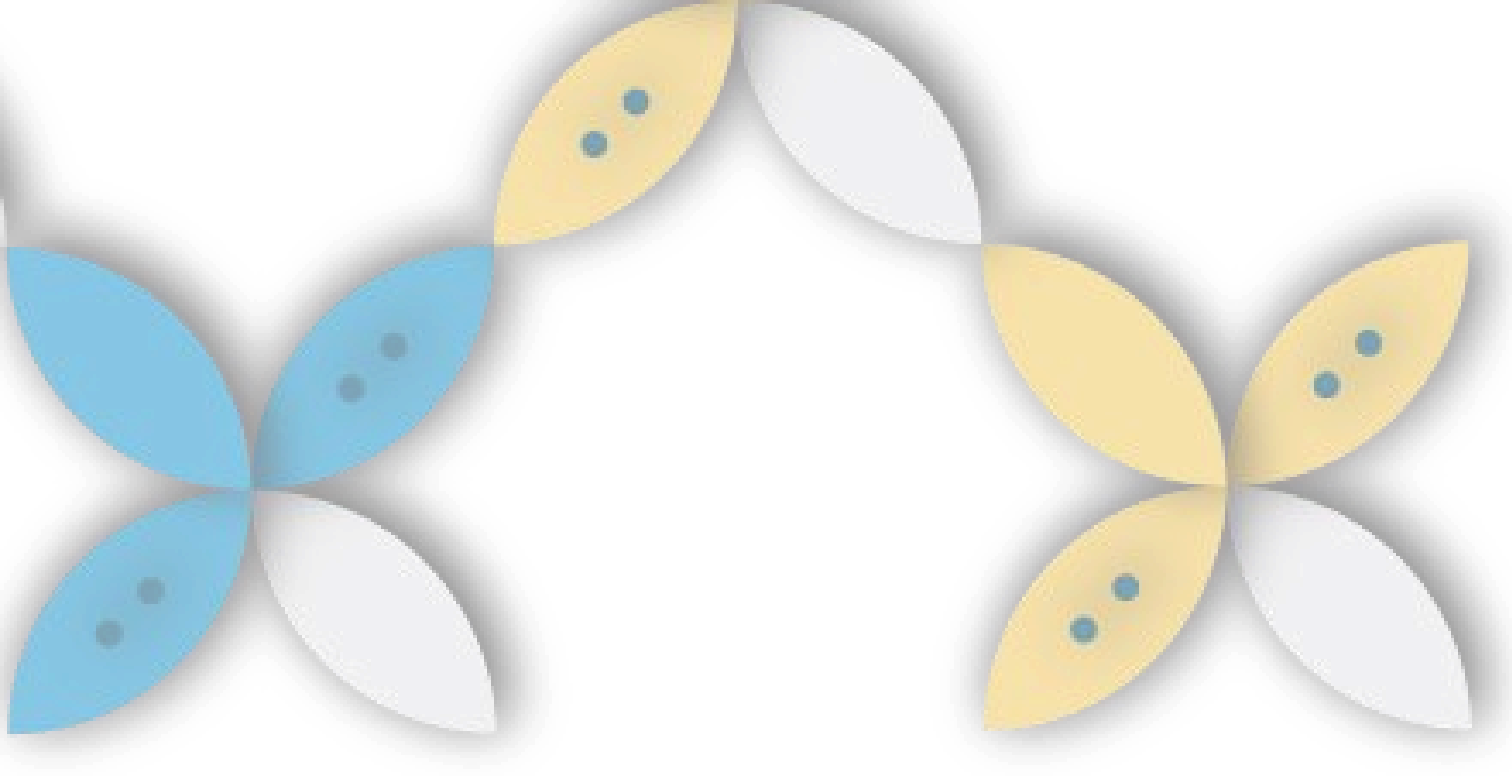

- The nominated candidates research and development work or projects and initiatives
- Must be innovative and have achieved high-impact in the African continent.
- The submitted work must be of paramount importance in promoting significant economic, social, human resources and infrastructure development within the announced field of the prize, education.
- The submitted research work of a nominated candidate should be composed of studies and applied research, published in peer-reviewed scientific journals and recognized at a global level within the announced field.
- The research outcomes need to have been applied after publication in African countries within the past ten years. Nominations are accepted from competent regional and international institutions and scientific centres (universities, institutes and centres of scientific research) as well as from UN organizations, former winners in the field of the prize, or former evaluation members.

Notes/ Reference

Total Budget: \$1,000,000
Deadline: **30th June 2025**
